## August Newsletter

Dear Parents and families,

We hope you are all keeping well and safe. We are anxious to get back to teaching our students.

As we contemplate reopening we have been in contact with S.M. County Liaison. It was suggested to follow the SM guidelines for day camps of which we did implement for senior summer camp in June. Therefore this is how we plan to commence opening **Tues. Sept. 8-2020**.

When we emailed fall prospectus, the second page attached was 'Covid 19 protocols and guidelines for reopening' please take the time to print this up and read it. In the last paragraph we asked for a parent meeting **Wed. Sept. 2 – 5:00pm** due to keeping the correct spacing we are adding another time that day at **6:00pm**. It would be helpful if only one parent came to either of these meetings. Using the main entrance door/deck with the marked spacing, we will be doing temp checks as you enter. The meeting will cover your concerns and show you how we plan to organize one way traffic in and out of the building etc. Please inform us via email which time you will be attending enabling us to keep within gathering restrictions.

We would appreciate the return of pre registration/insurance form with the day and time your child is going to attend. This helps the teachers with class preparations. Also if your child is not returning at this time please let us know via email. Our staff has been working hard readying our building with the required signage and space markings in the entrance, foyer area, restrooms, studios and ensuring sanitizer is placed all around the building.

One more thing to be added to the protocol list. To increase consist airflow, all entrance, studio doors and windows will be keep open during classes.

We look forward to seeing students and families soon.

Sincerely,

Susan Hayward RAD Life RTS & Staff
